

# 8 Must Use Agile Leadership Tips

## LEADERSHIP TIP#1

### Start the Year with an Aligned Purpose & Bold Direction

Focus starts with a clear direction. It's 2022; you need a vision statement with grit and purpose. [Get the free Visioning Guide here.](#)

## LEADERSHIP TIP#5

### Clarify High Priority, Must-Win Battles Every Quarter

Deciding what you won't do is as important as deciding what you will do. Keep them top of mind for your team. Refresh quarterly.

## LEADERSHIP TIP#2

### Connect Your Team to What You're Setting Out to Achieve

Ask everyone to set 2-3 OKR stacks directly connected to your 2022 goals. Need help with OKRs? [Get the free OKR Guide here.](#)

## LEADERSHIP TIP#6

### Review Your Organizational Performance Monthly

Pick a week each month, be consistent, and expect to discuss how to make "reds" into "green." [Download the free StrategySprint™ Guide here.](#)

## LEADERSHIP TIP#3

### Build a Growth Strategy to Define How & Where You'll Grow

Every organization needs a growth strategy. Vision statements and OKRs are not a growth strategy. [Download the free Growth Strategy Guide here.](#)

## LEADERSHIP TIP#7

### Create a Team that Practices Strategic Thinking

Conduct 2 to 4 strategic conversations next year and build your team's muscle. [Download the free Strategic Thinking Guide here.](#)

## LEADERSHIP TIP#4

### Establish a Handful of KPIs Critical to Your Success

Use quantitative data to drive your decision-making. Align around what metrics define if you're winning or losing. [Get the Health Metric Guide here.](#)

## LEADERSHIP TIP#8

### Create an Agile Organization by Adapting Your Plan Quarterly

Being agile means lightly refreshing your plan quarterly based on performance and emerging trends. [Download the free StrategySprint™ Guide here.](#)
